

MATERIAL SAFETY DATA SHEET

Actisorb

Page 1 of 3

Non Hazardous according to the criteria of Worksafe Australia.

Section 1: Supplier Information

Company Details:	Applied Products Australia 11 Gamma Close Beresfield NSW 2322 Phone: +612 4966 5516 Fax: +612 4966 5510
Emergency Telephone No:	Tel: +612 4966 5516 Tel: 131 126 Poisons Information Centre
Date of MSDS Preparation:	August 2008

Section 2: Identification

Product Name:	Actisorb
Product Code:	AP151
UN Number:	Not allocated
Dangerous Goods Class and Subsidiary Risk:	Not allocated
Proper Shipping Name:	Not allocated
Hazchem Code:	Not allocated
Poisons Schedule No:	Not allocated
Use:	Absorbing compound for removing stains from porous surfaces.

Section 3: Physical Description and Properties

Appearance:	Light tan free flowing powder.
Boiling Point:	Not Applicable
Vapour Pressure:	Not Applicable
Specific Gravity:	
Flashpoint:	Not flammable
Flammability Limits:	Not flammable
Solubility in Water:	Partially soluble

OTHER PROPERTIES

Corrosiveness:	Not corrosive.
Reactivity:	Not reactive.
pH:	9.2 (1% solutions)

INGREDIENTS

All hazardous substances as defined by the NOHSC code 1008 are listed by chemical name and CAS No. Other ingredients which are determined to be non-hazardous are listed by generic name or as "other ingredients determined not to be hazardous."

CHEMICAL NAME	CAS No.	PROPORTION
Quartz	14808-60-7	3%
Non-hazardous ingredients		to 100%

Section 4: Health Hazard Information

HEALTH EFFECTS

ACUTE

Swallowed:	May cause mild irritation
Eye:	Will cause irritation to the eyes with effects including: tearing, pain, and temporary blurred vision.
Skin:	May cause irritation to the skin, with effects including; redness, itching and drying/defatting.
Inhaled:	Mists from the product may cause irritation to the nose, throat and respiratory system with effects including; coughing, discomfort, breathing difficulty and shortness of breath.

CHRONIC

Actisorb is moistened to prevent inhalation of fine particle Quartz (3% of product) Respirable (dry) crystalline silica as quartz has been classified by some international cancer research agencies as carcinogenic to humans by inhalation and can cause silicosis or other lung disease on prolonged exposure.

Section 5: First Aid

FIRST AID

Swallowed:	If swallowed, DO NOT induce vomiting. Give 3 glasses of water. Seek medical advice if irritation persists.
Eyes:	In case of contact with eyes, flush immediately under running water (ensure eyelids are held open) for 15 minutes. If irritation persists contact a doctor or Poisons Information Centre.
Skin:	Remove contaminated clothing immediately and wash skin thoroughly with soap and water. Seek medical advice if irritation persists.
Inhaled:	Remove from contaminated area. Apply artificial respiration if not breathing. Move victim to fresh air.
First Aid Facilities:	Normal washroom facilities.
Advice to doctor:	Treat symptomatically.

Section 6: Precautions for Use

Exposure Standards:	No exposure standards have been assigned to this product.
Engineering Controls:	Maintain adequate ventilation at all times. In most circumstances natural ventilation systems are adequate unless the material is heated, reacted or otherwise changed in some type of chemical reaction, then the use of a local exhaust ventilation system is recommended.
Personal Protection Equipment:	If engineering controls are not effective in controlling airborne exposure then an approved respirator filter should be used. Wear gloves if prolonged skin contact likely. Avoid contact with eyes.
Flammability:	Not flammable or combustible.

Section 7: Safe Handling Information

Storage & Transport:	Store in a cool place and out of direct sunlight. Keep container sealed when not in use. Store locked up and out of reach of children. Only store in the original container as supplied by the manufacturer.
Spills and Disposals:	Large Spills – Large spills should be swept up & disposed of according to local government regulations. Small Spills – Sweep up and dispose of in regular garbage container. Flush away the remainder with copious amounts of water.
Fire/Explosion Hazard:	Use dry chemical, foam or water fog. Wear normal fire fighting clothing. Prevent any spillage entering a watercourse.

Section 8: Stability and Reactivity

Stability:	Stable under normal conditions of use.
Hazardous Decomposition Products:	Non known
Hazardous Polymerization:	Will not occur.
Incompatibilities:	Non known
Conditions to avoid:	Incompatibilities.

Section 9: Toxicological and Ecological Information

Toxicological Information: There is no toxicological information for the product Actisorb.

Ecological Information: There is no ecological information for the product Actisorb

Section 10: Other Information

Contact Point:	Chief Technician Tel (02)4966 5516 Poisons Information Centre Tel 131 126
